Career Objective

To leverage my academic foundation in Data Science and hands-on project experience to contribute effectively as a software developer while continuously learning emerging technologies.

Skills

Languages: Java, Python, SQL **Database Technologies:** Oracle SQL, MySQL

Soft Skills: Communication, Teamwork, Adaptability, Problem Solving

Projects

Restaurant Management System | JavaFX, Oracle SQL

- Developed a restaurant management application using JavaFX.
- Integrated Oracle SQL database for storing and managing data.
- Implemented customer and admin panels.
- Included billing and order management features.

ETL SQL Translator

- Developed an AI-powered tool to convert ETL workflows into SQL queries.
- Designed a user-friendly interface for workflow input and SQL generation.
- Implemented workflow parsing, SQL translation, and query validation features.
- Used Python, SQL, and AI/NLP techniques for automation.
- Uploaded and maintained the project on GitHub.
- Technologies Used: Python, SQL

Internships

Cloud Computing (AWS) | JobPrep — 2025

DevOps | JobPrep — 2025

Education

Annamacharya Institute of Technology and Sciences (2023–Present)

B.Tech (Data Science) – CGPA: 8.63

Intermediate, JCNRM Junior College – 91.3%

SSC, Sri Sai Vijeetha High School – 96.6%

Certificates

AI, ML and Data Science Certification – SkyEd (2025)

Cloud Computing (AWS) Internship – JobPrep (2025)

Excel for Beginners – EDX (2024)

DevOps Internship – JobPrep (2025)

Hobbies

Listening to Music, Art and Craft, Drawing
